Book

- University Physics, Young and Freedman, 13th Edition (Provided by Teacher)

Grading

- Homework 20% (Homework is due the class after we finish the chapter)
- Quizzes 10% (Start of each class)
- Tests 40% (All chapter homework must be turned in before the test)
- Midterm/Final 30% (Also replaces your lowest test score for the semester)
- Extra Credit 5% (You may receive up to 5% extra credit on each test/homework)

Note: Late homework receives 50% credit until the test, then it'll no longer be accepted. Tests can NOT be made up for any reason. If you have to miss a test, you must rely on the midterm/final to recover the points.
