

Course File Index

Every document in this course, in the order you will use it. Each week is one three-hour class meeting. Each assessment has a matching **-key** file — print the plain file for the student and keep the key.

Documents

WK	FILE	DOCUMENT	DETAILS	PAGES
—	00-syllabus.pdf	Syllabus & 26-Week Schedule	Course format (3-hour weekly blocks), outcomes, grading, policies, and the full week-by-week plan	4
1	q01.pdf + q01-key.pdf	Unit 1: Introduction to Geography as a Discipline	Reading: pages 7–21 · 20 points · 15 minutes · Closed book	2+1
2	q02.pdf + q02-key.pdf	Unit 2: Earth's Place within the Cosmos	Reading: pages 22–38 · 20 points · 15 minutes · Closed book	2+1
3	q03.pdf + q03-key.pdf	Unit 3: Introduction to Geology & Geologic Time	Reading: pages 39–50 · 20 points · 15 minutes · Closed book	2+2
4	q04.pdf + q04-key.pdf	Unit 4: Mapping Earth's Surface	Reading: pages 51–65 · 20 points · 15 minutes · Closed book	2+2
5	q05.pdf + q05-key.pdf	Unit 5: Earth–Sun Relationships — Reasons for the Seasons	Reading: pages 66–75 · 20 points · 15 minutes · Closed book	2+2
5	t1.pdf + t1-key.pdf	Test 1: Foundations of Physical Geography	Units 1–4 · pages 7–65 · 50 points · 50 minutes · Closed book	4+2
6	q06.pdf + q06-key.pdf	Unit 6a: Earth's Atmosphere — Significance, Gases & Layers	Reading: pages 76–82 · 20 points · 15 minutes · Closed book	2+2
7	q07.pdf + q07-key.pdf	Unit 6b: Atmospheric Heat, Energy, Motion & Global Circulation	Reading: pages 83–94 · 20 points · 15 minutes · Closed book	2+1
8	q08.pdf + q08-key.pdf	Unit 7a: Atmospheric Moisture, Air Masses & Fronts	Reading: pages 95–104 · 20 points · 15 minutes · Closed book	2+2
9	q09.pdf + q09-key.pdf	Unit 7b: Extreme Weather; Weather Versus Climate	Reading: pages 105–114 · 20 points · 15 minutes · Closed book	2+2
10	q10.pdf + q10-key.pdf	Unit 8: Basic Mineral Development	Reading: pages 115–124 · 20 points · 15 minutes · Closed book	2+2
10	t2.pdf + t2-key.pdf	Test 2: The Sun, the Atmosphere & Weather	Units 5–7 · pages 66–114 · 50 points · 50 minutes · Closed book	4+3
11	q11.pdf + q11-key.pdf	Unit 9: Igneous Rocks	Reading: pages 125–133 · 20 points · 15 minutes · Closed book	2+2

WK	FILE	DOCUMENT	DETAILS	PAGES
12	q12.pdf + q12-key.pdf	Unit 10: Sedimentary Rocks	Reading: pages 134–150 · 20 points · 15 minutes · Closed book	2+2
13	q13.pdf + q13-key.pdf	Unit 11: Metamorphism & Metamorphic Rocks	Reading: pages 151–163 · 20 points · 15 minutes · Closed book	2+2
14	midterm.pdf + midterm- key.pdf	Midterm Exam	Units 1–11 · pages 7–163 · 100 points · 90 minutes · Closed book	7+5
15	q14.pdf + q14-key.pdf	Unit 12: Weathering & Soils	Reading: pages 164–178 · 20 points · 15 minutes · Closed book	2+2
16	q15.pdf + q15-key.pdf	Unit 13a: Earth's Interior, Continental Drift & Seafloor Spreading	Reading: pages 179–190 · 20 points · 15 minutes · Closed book	2+2
17	q16.pdf + q16-key.pdf	Unit 13b: Earth's Tectonic Plates	Reading: pages 191–198 · 20 points · 15 minutes · Closed book	2+2
18	q17.pdf + q17-key.pdf	Unit 14: Tectonic Force — Stress, Structures & Earthquakes	Reading: pages 199–211 · 20 points · 15 minutes · Closed book	2+2
19	q18.pdf + q18-key.pdf	Unit 15: Earth's Dynamic Surface — Volcanoes	Reading: pages 212–225 · 20 points · 15 minutes · Closed book	2+2
19	t3.pdf + t3- key.pdf	Test 3: Earth's Dynamic Surface	Units 12–14 · pages 164–211 · 50 points · 50 minutes · Closed book	4+3
20	q19.pdf + q19-key.pdf	Unit 16: Shaped by Coastal Processes	Reading: pages 226–241 · 20 points · 15 minutes · Closed book	2+2
21	q20.pdf + q20-key.pdf	Unit 17a: Rivers, Drainage & Stream Erosion	Reading: pages 242–253 · 20 points · 15 minutes · Closed book	2+2
22	q21.pdf + q21-key.pdf	Unit 17b: Water Storage — Lakes, Groundwater & Aquifers	Reading: pages 254–259 · 20 points · 15 minutes · Closed book	2+2
23	q22.pdf + q22-key.pdf	Unit 18: Shaped by Wind as a Geomorphic Agent	Reading: pages 260–273 · 20 points · 15 minutes · Closed book	2+2
23	t4.pdf + t4- key.pdf	Test 4: Volcanoes, Coasts & Running Water	Units 15–17 · pages 212–259 · 50 points · 50 minutes · Closed book	4+3
24	q23.pdf + q23-key.pdf	Unit 19a: Glaciers, Glaciation & Glacial Erosion	Reading: pages 274–287 · 20 points · 15 minutes · Closed book	2+2
25	q24.pdf + q24-key.pdf	Unit 19b: Glacial Lakes & Glacial Deposition	Reading: pages 288–293 · 20 points · 15 minutes · Closed book	2+2
26	final.pdf + final- key.pdf	Final Exam	Units 12–19 · pages 164–293 · 100 points · 90 minutes · Closed book	7+6

How to Use These Files

- **Student copies** are the plain files (q07.pdf, t3.pdf). They carry a name/date/score line and end with an "— END —" marker.
- **Answer keys** are the -key files. Every key gives the correct answer, a page citation into the textbook, and a point-by-point grading rubric for written responses.
- **Timing.** A standard block runs quiz (15 min) → instruction (55) → activity (50) → discussion (20). Test blocks trade the activity and discussion time for a 30-minute review and the 50-minute test. Exam blocks are 75 minutes of review and a 90-minute exam.
- **Page references** throughout use the textbook's printed page numbers. If you are reading the PDF on screen, add 2.
- **To edit anything**, change the matching file in spec/, then run `python3 gen.py && ./build.sh`. Run `python3 mkindex.py && ./build.sh 01-index.html` to refresh this page.
